

Pre-Glazed Windows Earn Straight A's in K-12 Schools

In a side-by-side comparison, pre-glazed windows from Winco earn more than a passing grade over storefront with glass vents in educational buildings, especially K-12 schools.

	Pre-Glazed Windows From Winco	Storefront/Curtainwall with Glass Vents
Manufacturing Quality	<p>Manufactured, assembled, tested and certified by the manufacturer to AAMA AW standards.</p> <p><i>3 Advantage</i></p>	<p>Project materials delivered in lineal form and manufactured by a second or third party outside of the manufacturer's control.</p> <p><i>5 Pass</i></p>
Field Performance	<p>Warranted by the window manufacturer when correctly installed.</p> <p><i>3 Advantage</i></p>	<p>Warranted by the field installer <i>not</i> the manufacturer. Not typically recommended in installations over 12 ft. tall to drainwater intrusion properly, including large unitized spans.</p> <p><i>5 Pass</i></p>
Product Longevity	<p>Average lifespan of 20 to 40 years with regular maintenance and upkeep.</p> <p><i>3 Advantage</i></p>	<p>Unknown lifespan due to newness of application and quality of installation.</p> <p><i>5 Pass</i></p>
Glazing Durability	<p>Silicone cap sealed by manufacturer provides durability and cannot be de-glazed from exterior, providing added protection against vandalism.</p> <p><i>3 Advantage</i></p>	<p>Dry glazed by installer has risk of gasket shrinkage or easy removal by vandals.</p> <p><i>5 Pass</i></p>
Warranty	<p>Covers entire unit — glass, glazing, finish, material and workmanship of the factory assembled unit.</p> <p><i>3 Advantage</i></p>	<p>Manufacturer warranty for aluminum and finish only. Separate glass warranty from one of multiple glass fabricators.</p> <p><i>5 Pass</i></p>

There's really no comparison. Pre-manufactured/pre-glazed windows offer superior performance and distinctive sight lines, especially the deep glazing bead Series 3600. Find us at www.wincowindow.com.
