- Improves air infiltration, thermal and acoustical performance
- Integral 5/8" or 1" venetian blinds that offer daylight control and patient privacy
- Supplemental GEM security lock
- Blinds are sealed between glass to protect from germs and debris

Series 8800 Retrofit Detail Drawings

Note:
The primary (exterior) glazing remains undisturbed by the addition of the 8800 Retro-Fit Impact Sash. It can be accessed for maintenance, but not be used for ventilation.
Sealing against intrusion of Air or Water from the building's exterior must be addressed in the primary (exterior) glazing system.
