Luxury Living Along the Gold Coast

Winco Expands Living Quarters with Views of the Gold Coast

Just outside New York City, the Park Bayonne Apartments in Bayonne, New Jersey, offer enticing waterfront views of New Jersey's Gold Coast. To maximize these expansive views and maintain indoor comfort with an airtight / watertight fit, Winco's 1450 window series and high performance NC-82 Terrace Door — both in anodized black finish — were installed throughout the apartments and common areas. These windows and doors help add spaciousness to living quarters, blurring the line between indoors and out.
